ISIS - Documentation #3979

campt needs units on the values it outputs

2016-05-26 10:03 AM - Stuart Sides

Status:	Closed		
Priority:	Normal		
Assignee:	Curtis Rose		
Category:	Applications		
Target version:	3.4.13 (FY16 R3 2016-08-31 Aug)		
Impact:	This fix changed the PVL output files for this application to now include units. This caused most of the tests to be updated.	**Software Version:**	

Description

Many of the values reported in campt's PVL output do not have units. It would be helpful to have the units added to this output using the PVL brackets <> (e.g., NorthAzimuth = 17). It might also be reasonable to add the units to the flat file header line.
